

## Barbed bulkhead connector SCN-PK-4

Part number: 11973

**FESTO**

### Data sheet

| Feature                                       | Value                                                                                      |
|-----------------------------------------------|--------------------------------------------------------------------------------------------|
| Nominal size                                  | 2.8 mm                                                                                     |
| Operating pressure complete temperature range | -0.95 bar...10 bar                                                                         |
| Operating medium                              | Compressed air to ISO 8573-1:2010 [7:-:-]                                                  |
| Note on operating and pilot medium            | Lubricated operation possible (in which case lubricated operation will always be required) |
| LABS (PWIS) conformity                        | VDMA24364-B1/B2-L                                                                          |
| Ambient temperature                           | 0 °C...60 °C                                                                               |
| Pneumatic connection, port 1                  | For tubing outside diameter of 6 mm                                                        |
| Note on materials                             | RoHS compliant                                                                             |
| Material housing                              | Aluminium                                                                                  |
| Material nut                                  | Galvanised steel                                                                           |
